REBATES, REVIEW, AND EXCLUSIONS

An incremental 2% quarterly rebate applies after 50 qualifying procedures in a calendar quarter. Returns, no-charge evaluation product, freight, tax, and capital equipment do not count toward the threshold. Prices may be reviewed for documented changes in tariffs, raw-material indices, or law. Any price change requires a signed amendment; invoices and purchase orders alone do not modify this schedule.

ADMINISTRATIVE TERMS

Topic	Agreed term
Reporting	Quarterly utilization statement within 30 days
Payment	Net 45 from undisputed invoice date
Confidentiality	Pricing restricted to authorized personnel
Governing law	Texas
Termination	60 days for uncured material breach
