DELIVERY, QUALITY, AND ACCEPTANCE

All lots require certificate of analysis, country-of-origin statement, and full material traceability. Change notification is required before modifying a validated process, source, facility, or formulation. Receipt at the dock does not constitute acceptance. Stryker may inspect or reject nonconforming goods. Replacement, containment, and expedited freight caused by nonconformance remain the supplier's responsibility.

COMMERCIAL CONTROLS

Control	Requirement	Owner
Invoice match	Three-way match: order, receipt, invoice	Accounts payable
Packing slip	Print PO-STR-26-5216 and line numbers	Supplier
Forecast	Planning signal only; not authorization	Strategic sourcing
Changes	Written buyer revision required	Buyer

The master purchasing agreement is incorporated by reference. Conflicting supplier acknowledgements do not amend this order. Send acknowledgements within two business days.
